

ScoutAM Compatibility Guide

Table of Contents

| | |
|--|---|
| ScoutAM supported tape libraries | 1 |
| ScoutAM supported tape drives | 2 |
| ScoutAM supported versions and Linux operating systems | 3 |

ScoutAM supported tape libraries

The following table summarizes supported tape libraries for Scaleout Archive Manager (ScoutAM).

| Manufacturer | Model |
|--------------|---|
| IBM | TSXXXX, 3584 |
| Spectra | TFinity, TXXX, Stack |
| Oracle | SL8500, SL3000, SL4000, SL500, SL150, L700 Series, L180 Series. ACSLS is supported. |
| Quantum | Scalar i2000, i3000, i6, i6000 |
| Overland | NEO Series |
| Dell | TL2000, PowerVault, ML3 |

If a combination you would like to deploy is not currently in this matrix, please [contact us](#) to discuss.

Notes:

WORM supported via filesystem.

Library managed and application encryption supported.

ScoutAM supported tape drives

The following table summarizes supported tape drives for Scaleout Archive Manager (ScoutAM).

| Manufacturer | Model |
|--------------|--|
| IBM | LTO 4-9 HH/FH |
| | TS11{20,30,40,50,55,60} |
| Oracle | 9840{B,C,D}* T9940{A,B}* T10K{A-D} |
| | LTO 4-9 |

If a combination you would like to deploy is not currently in this matrix, please [contact us](#) to discuss.

*legacy support - these drives may be read but are not recommended for new deployments

ScoutAM supported versions and Linux operating systems

The following table summarizes supported Linux operating systems and versions of the Scout Archive Manager (ScoutAM).

| Linux Version | RHEL | CENTOS | ScoutAM | Notes |
|---------------|------|--------|---------|-------|
| 7.7 | X | X | Current | |
| 7.8 | X | X | | |
| 7.9 | X | X | | |

If a combination you would like to deploy is not currently in this matrix, please [contact us](#) to discuss.

WORM and application/library encryption supported.
